Subject: Letter of Recommendation

Dear Julio,

In today's construction market of ever-increasing complexity and ever-shortening schedules, it becomes paramount that a general contractor's core group of subcontractors is comprised of top-notch companies who are willing to step up to the plate to get the job done on time and within budget. J&M Custom Cabinet Shop has proven themselves time and again to be worthy of a top performer designation.

I've lost count of the number of projects that Julio, Schuyler, Ray, and Gaby have completed where they have gone above and beyond to ensure that the schedules are met without decreasing the high quality product that they have become known for at Jordy Construction. J&M is the first millwork sub I contact for every new project that comes in the door. I have not worked with a company with a higher level of ethics who will do whatever needs to be done to ensure that the customer is ultimately satisfied.

Jordy Construction has been working with J&M for the past 8 or 9 years and I foresee a long and successful future based on their quality of workmanship, integrity of their personnel, and consideration for the clients' budgets and timeframes.

Thank you for all of your hard work. I am looking forward to many more opportunities to employ J&M Custom Cabinet Shop as a critical part of our successful construction team.

Sincerely,

Ross Rosenow
Vice President
